

We are proud to announce that
Dent-line of Canada Inc. is now a division of Central Dental Ltd.

Dent-line has always been a company that has been committed to providing quality products and excellent customer service.

We believe that this philosophy blends perfectly with Central Dental and as such we can now offer wider and more varied product lines. Our mission will remain the same; to grow as a company and yet still remain flexible and service-oriented for our customers.

Bredent's Friction Fit System - 2166 (54001028)

\$429.00

Friction Fit is a two component resin which can be used to increase retention on telescopic crowns or implant bar overdenture restorations. The system provides a more favourable co-efficient of friction compared to a strictly pure metal to metal fit. Increased resistance to wear means that the restoration will last a long time. Kit contains: 1 x 2.5 g friction resin component A, 1 x 2.5 g friction resin component B, 1 x 2.5 ml FGP bonding agent, 1 x 3.0 ml FGP insulating agent, 1 spatula, 5 brushes, 1 brush holder

LICENSED UNDER HEALTH CANADA REGULATIONS

To Order Call: 1.800.250.5111

DTK Adhesive Kit - 2083 (54000106)

This self curing adhesive is ideal for joining attachments and is excellent for resin bonding metal to metal. The paste / paste formulation provides a consistent mix and a high bond strength. The anaerobic setting properties also provide an extended working time. Licensed under Health Canada Regulations to provide you with the peace of mind that you and patient deserve!

NEW and IMPROVED!!! Easy-snap Locking Pin Snap E Attachment

Kit contains 2 Easy-Snap Locking Pins E and 2 Modeling Pins.

- Perfect for use in bar constructions, combination cases and to stabilize implant supported dentures.
- Easy-Snap is used for frictionless fixation of removable prosthesis.
- Newly designed plunger offers improved sliding action with improved spring force which provides additional safety during opening.
- Easy for the patient to use and cannot be removed using normal finger strength.
- Smaller dimensions compared to other similar systems.
- Can be bonded-in to a metal overcasting or installed directly in acrylic.
- Perfect for salvaging worn implant cases.
- Can be combined with other Bredent attachments.

Bredent Diagen Turbos - Fine Grit!

Diagen turbos are very aggressive sintered diamonds that work effectively on zirconium oxides such as Procera™, Inceram™ and all other ceramic materials. Each stone is moulded to provide optimum grinding properties and cuts effectively down to the last layer. Both the porcelain bonding material and the synthetic diamonds are carefully proportioned in order to ensure maximum cutting efficiency and minimal heat so that chipping is virtually eliminated.

Bredent Diagen Turbos: Unique Shapes and Coarser Grits

When Bredent learned that technicians were sometimes modifying the shapes of the Diagen Turbo to accommodate their specific needs, they responded with NEW shapes - a pointed cylinder which is perfect for interdental areas and a rounded cylinder which is ideal for finishing collars and chamfers. They also have extended the product range to include a Diagen Turbo with a Coarser Diamond Grit (yellow) which is 20% more aggressive than the regular Diagen Turbos.

5th ANNUAL SPRING CLASSIC GOLF TOURNAMENT

The Briars Golf Club
127 Hedge Road, Sutton West, ON L0E 1R0
Friday, June 7th, 2013 @1pm Tee-off

The Briars Golf Club is located just one hour from Toronto on the southern shores of Lake Simcoe. As you wind your way along historic Hedge Road, you immediately feel relaxed and understand the allure of this location. Two Canadian design legends have combined to bring you a delightful dose of golf at its best. Stanley Thompson carved out the original nine holes in 1922. Robbie Robinson integrated a second nine in 1971, creating a seamless routing that may look fairly innocuous on paper, but will be appreciated for its subtle charms. The Briars is the epitome of the old-style course.

To Register Call: 1.800.268.4442

\$140/person
*Includes 18 Holes,
Cart, Dinner, Prizes & More!
