power*brite
In-Office Whitening Gel

PN 111011

Addent's Power Brite In-Office Dental bleach has been evaluated by a highly regarded independent research and testing foundation and was designated as the top tooth brightening product surpassing 6 other competitors. After one year, Power Brite had the least lightness regression of all 7 products tested, an improvement of more than 25% over its nearest competitor and over 42% over the product in third place. Each kit of 2 ampules and 6 brushes are sufficient for 16 teeth.

5 + 1!

G-aenial™ Bond

Self-etch, Seventh Generation
Bonding Agent

**Buy 3 Refills
Get 1 Free!**

- 7th generation, one-step self-etch bonding agent
- Improved bond strengths over G-BOND and other leading bonding agents to both enamel and dentin
- Designed specifically for "selective etching" technique to give the professional maximum advantages
- Easy application - 30 seconds from application to finish

G-aenial™ Flo Flowable Composite

**Buy 3 Refills
Get 1 Free!**

- High flowability for easy placement; there are no air voids during placement
- Newly designed syringe and tip minimizes waste, allows excellent visibility, and easier use
- Highly recommended as a base, liner, pit and fissure sealant
- Highly recommended for small cavities and minimum intervention dentistry
- Higher radiopacity
- bis-GMA free

Featured Product: GC FujiCEM™ 2

JUST WHEN YOU THOUGHT
IT COULDN'T GET ANY BETTER

**Buy 1 & Get
Dispenser Free!**

KALORE™

Universal Light-Cured,
Nano-Hybrid Composite

**Buy 3 Refills
Get 1 Free!**

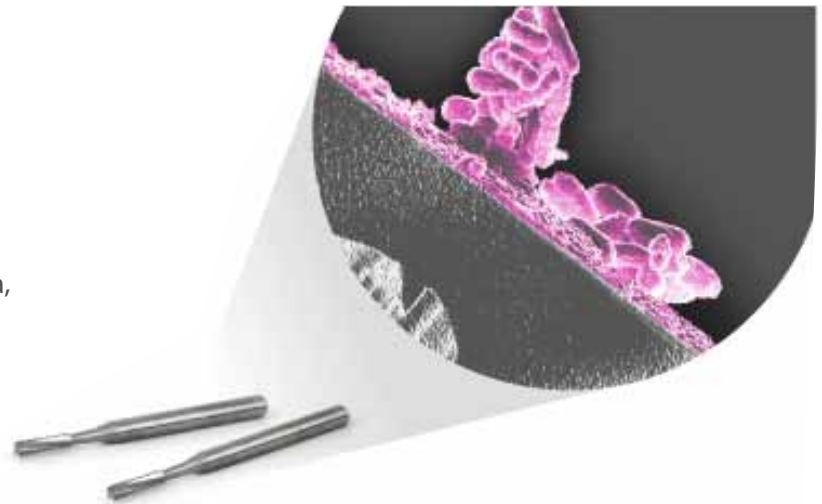

- Superior handling; non-sticky, non-slumping, and sculptable
- Easy polishability, high gloss and sustained luster
- Wear resistance and excellent durability (due to less shrinkage stress)
- Simplified shading system; 3 opacities
- Great chameleon effect and quality of color
- bis-GMA free
- Compatible with any resin bonding agent

Alpen SteriX

**A Smart Combination of Convenience,
Efficiency, & Infection Control**

Brand new, unsterile carbides may have
100+ cfu (colony forming units) of harmful bacteria,
increasing the risk of spreading infection
Alpen® SteriX is gamma ray sterilized ensuring
zero cfu's, ready to use.

Alpen SteriX eliminates the risk!

HyFlex® CM™ NiTi Files

Controlled Memory NiTi Files

300% more resistance to separation
No rebound + Extreme flexibility = Superior Canal Tracking
Regains shape after sterilization = Multi-use

OneCoat 7.0

- Single component adhesive
- Light-cured self-etching
- Designed to etch, prime and bond
